GIVING RACERS  
SPRING ARING

Trainers Hard at Work Getting  
Strings Into Shape for the  
Eastern Season.

## BELDAME LEADS AQUEDUCT

Belmont Park Will be Ready for  
Opening on May 4th—Book-  
makers and Their Work.

(Special to The Times-Dispatch.)

NEW YORK, March 25.—William C. Daily is at his home in Gravesend, after spending the winter at Hot Springs. He brought back six horses, which he campaigned at the Springs with indifferent success. The Hartford turfman expects to do as well as any of the eastern stables at Belmont, because his horses are almost ready to race. The other trainers at Gravesend have not been idle, but they do not care to take the risks to which Daily submits his horses year after year.

Tom Welsh did not venture out with any of his big siring until a few days ago, confining his work to shed exercise until the Graveland Houlihan became soft enough for trotting and cantering exercises. Welsh says the past winter was the most severe of his career. He is a picture of health and appears to thoroughly enjoy the work. Welsh has thirty-five horses in his charge, among them being many of the best of the famous performers.

Trainer Henry Graham has been giving the jumpers under his care a course of work on the Graveland track, which is in fair condition, and is expected to be ready for fast work within a week. The old champion, Judge Phillips, did well after winter, and is likely to be a picture of health and appears to thoroughly enjoy the work. Welsh has thirty-five horses in his charge, among them being many of the best of the famous performers.

The string which will race in the colors of Newton Huntington are shown in trotting exercise every morning. Trainer Burke is well pleased with the condition of all the horses. He has also in charge, August Belmont's great gelding.

**Big Aqueduct Handicap.**  
The names of high class horses included in the list of sixty-two entries that Secretary Fred Reuberger has received for the running of the Aqueduct Handicap, which will be the feature event of the opening day at Aqueduct on April 15th, gives promise that the event will be the greatest in the history of the Queen's County Jockey Club. The entry of April 15th, gives promise that the event will be the greatest in the history of the Queen's County Jockey Club. The entry of April 15th, gives promise that the event will be the greatest in the history of the Queen's County Jockey Club.

Beldame, who won the race last year, and who the majority of the trainers declare to be the champion three-year-old of the season, is again named to start the race. According to the best information, the wonderful daughter of Octagon-Bella Donna had wintered in the best of shape and has grown into one of the greatest looking mares in training. Whether Fred Reuberger, who still has her for Mr. Belmont, will be able to make her ready for the spring and fall races, and whether she will be able to put on edge for the race, she comes to hand early, as was demonstrated in the running of the Metropolitan Handicap. There were several conditions there is little doubt that she can put on edge for the race. She comes to hand early, as was demonstrated in the running of the Metropolitan Handicap. There were several conditions there is little doubt that she can put on edge for the race.

Among the other high class horses that have been named for the event are Goldsmith, who has not raced in more than a year; Belle of the South, who has been named for the event; and several others.

PLANNING CHANGES IN  
GRANDPRIX RULES

Difficult Problems of Eliminating  
the Evils in Foot-Ball Awaits  
Committee's Consideration.

## MANY SUGGESTIONS MADE

What Camp, Connolly, Town-  
send and Others Think  
of Situation.

BOSTON, March 25.—When the foot-ball season of 1904 came to a close, suggestions and demands were made for amendments to the rules that would partially or wholly eliminate the evil effects of mass plays. In several of the western States the feeling against the "foot-ball game" was so strong that bills were introduced in the Legislature to make the playing of the game a felony, punishable by a fine ranging from \$50 to \$100 or imprisonment from thirty to ninety days. These bills were mainly prompted because of the accidents attributed to mass playing.

Two years ago the Rules Committee saw the need of a rule whereby the player and the spectator would be benefited by more open play, and accordingly adopted the "quarterback" rule, which allowed any member of the team to receive the ball directly from the center, provided he passed the line of scrimmage, at least five yards from the point of scrimmage. This rule was adopted because the committee expected it to be. With the exception of about a dozen of the quarterbacks, play was rarely used last fall.

**Difficult Problem.**  
The Rules Committee has a difficult problem to solve at its coming meeting, but it is probable that some radical changes will be made. Roger A. Darby, the Harvard player, attributes the trouble of the American college football to the extreme laxity of the officials in dealing with fouls. He says:

"Games have been won by the loss of one opponent, and in a great many cases that opponent has been held for from the moment play began until he was carried to the side line. Any man who plays foul in a game offends against the ethics of sport and against the standard held by gentlemen, and for playing foul should be expelled from the game. I do not think his right to continue in the game."

There are also suggestions that the Rules Committee should consider the possibility of a rule whereby the player and the spectator would be benefited by more open play, and accordingly adopted the "quarterback" rule, which allowed any member of the team to receive the ball directly from the center, provided he passed the line of scrimmage, at least five yards from the point of scrimmage. This rule was adopted because the committee expected it to be. With the exception of about a dozen of the quarterbacks, play was rarely used last fall.

MONTRIP WINNER  
IN STEEPCHASE

Washington Society Turns Out  
to Cheer Gentlemen Riders  
in Big Event.

KNUT, STABLE HAS BAD LUCK

Twilight and Duke, of Grass-  
land, Both Favorites, Fall at  
Hurdle—Owner Hurt.

(By Associated Press.)  
BENNING, D.C., March 25.—The fourth  
Chevy Chase handicap steeplechase, ridden  
by gentlemen riders, attracted Wash-  
ington society to the track to-day and  
the spectators were rewarded by one of  
the prettiest events in the history of the  
Jockey Club. It was marred somewhat  
at the opening hurdle by the fall of Twi-  
light, injuring S. P. Knut, his owner and  
rider. The second horse to fall was Twi-  
light's stable mate, Duke of Grassland.  
These horses were coupled in the betting  
and were the favorites. The elimination  
of the two favorites left the race between  
Montrip and Sifter, who finished in the  
order named under a hard drive. Preen,  
in the first, was the only short price  
favorite to win. Summary:

First race—Five and a half furlongs—  
Preen (1 to 5) first, Amberjack (4 to 1) first.  
Second, Preen (2 to 1) third. Time, 1:31 1/2.

Second race—Four and a half furlongs—  
Belden (3 to 1) first, Cologne (6 to 5) second,  
Ambitious (8 to 1) third. Time, 1:30.

Third race—Seven furlongs—Bill Curtis  
(2 to 1) first, Division (6 to 1) second,  
Arabo (8 to 5) third. Time, 1:33.

Fourth race—Five and a half furlongs—  
Montrip (3 to 1) first, Sifter (5 to 1) second,  
Jacobel (13 to 1) third. Time, 1:31 1/2.

Fifth race—Open selling steeplechase,  
about two miles—Woden (11 to 10) first,  
Black Death (6 to 5) second,
